Portfolio

Education

- National Institute of Technology, Silchar July 2021 - June 2025
Bachelor of Technology - Electronics and Communication Engineering; CGPA: 7.36
Assam, India
- Vidya Niketan, Danapur, Patna July 2020 - June 2021
HSC ;Percentage:75.8
Patna, India
- St. Dominic Savio's High School, Patna July 2018 - June 2019
SSC ;Percentage:89.6
Patna, India

Experience

- Satyendra Nath Bose Summer Internship June 2024 - July 2024
FullStack Web Developer (Full-time) NIT Silchar
 - Developed a MERN stack online voting system with role-based access for 1000+ users, including admins and voters.
 - Implemented JWT-based authentication for secure access control and dynamic management features for admin users.
 - Enabled real-time voting updates for admins, enhancing election transparency and status monitoring.
 - Optimized image storage and delivery using Cloudinary, achieving up to 25% performance improvements.
 - Used Tailwind CSS and ReactJs for a responsive, modern UI, enhancing user experience across devices.
 - Built a scalable backend with ExpressJs and MongoDB, supporting complex data handling and efficient transactions.
 - Tech Stack - Tailwind CSS, ReactJs, Node.js, ExpressJs, MongoDB, Cloudinary, Git.

Projects

- Griha Pravesh (FullStack website)
 - Developed a Real Estate Platform using the MERN stack, enabling property listing and management with a responsive UI.
 - Implemented Secure Authentication via Google OAuth and JWT, ensuring user data privacy.
 - Built Advanced Search and Filter Features for efficient property exploration based on location, price, and type.
 - Integrated Image Uploads and User Dashboard for seamless property listing management and detailed analytics.
 - Utilized Tools and Technologies such as React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Render for deployment, and Redux for state management.
- E-Cafe Website
 - Developed a dynamic, responsive restaurant menu app with React, featuring category-based filtering for an enhanced user experience.
 - Utilized React hooks (useState) and props for efficient state management, enabling seamless menu filtering and data updates.
 - Designed modular, reusable components like MenuCard and Navbar for maintainability, scalability, and clean architecture following React best practices.
 - Implemented a fully responsive design using CSS Grid and media queries, ensuring optimal performance across all devices.
 - Technologies and Tools:- HTML, CSS, Reactjs, Git

Technical Skills

- Programming Languages and Tool: C, C++, Python(basic), Javascript, Git and Github
- Computer Science:Data structures and Algorithms, STL, Operating system, Computer network, OOPS in C++
- Tools and Frameworks:Reactjs, Visual Studio, JetBrains
- Web Technologies:HTML, Tailwind CSS, Reactjs, Nodejs, MongoDB, Expressjs
- Soft Skills:Leadership, Event Management, Time Management

Honors and Awards

- Gold Badge in C++ programming on HackerRank
- 4 star rating in C programming on HackerRank.
- 4 star rating in problem solving on HackerRank.
- Solved over 500+ coding questions (GFG+Codechef+HackerRank)
- 1500+ rating on codechef

Positions of Responsibility

- Joint Secretary (Media) and Volunteer, NSS NIT Silchar – Managed media, PR, and communications, actively contributing to organizational events and outreach.
- Contributed to the success of North East Y20 CONCLAVE 2023 held at NITS as a key member of the Event organizing team
- Co-Head of Event Management Team for Tecnoesis, the tech fest at NIT Silchar, 2024: Led and coordinated a team to successfully plan, organize, and execute multiple technical and cultural events, ensuring smooth operations and high participant engagement.
- Think India Volunteer.
